Fuel capacity	1363 l	Price	1 270 000 € (ex VAT)
Water capacity	487 l		

Delivered in 2024 and showing only 60 engine hours, this Princess F45 is offered in as-new condition with maximum specification. Featuring rare options including Seakeeper stabilisation, she is one of the most highly equipped F45s on the market today.

Her design combines elegant lines with versatile outdoor spaces: full teak decking, a powered sliding cockpit sofa, hydraulic bathing platform, and electro-hydraulic passerelle ensure comfort and practicality. The flybridge, complete with wetbar and bimini, creates the perfect setting for Mediterranean cruising.

Inside, the light-filled saloon connects seamlessly to the cockpit, with accommodation for four guests across two en-suite cabins, including a full-beam master. Offered ex-VAT and available for viewings in Monaco at short notice, this is a rare opportunity to step into a virtually new Princess F45 without waiting for a new build.
