This Galeon 400 FLY stands out with its innovative folding balconies and clever layout, making it one of the most dynamic compact flybridge yachts in the segment. Powered by twin Volvo Penta engines, she offers exceptional maneuverability and comfort at sea.

The aft cockpit features a versatile lounge area with a convertible sofa and table, complemented by the Aft Lounge and Wet Bar packages — including a grill, sink, chopping board, and storage. Inside, the main deck hosts a sleek saloon in dark walnut gloss, an open galley, and a rotating aft sofa that flows seamlessly into the cockpit via fully opening glass doors.

Two well-appointed cabins and two bathrooms with separate showers are located below, including a full-beam owner's cabin. The flybridge provides additional entertaining space with a sofa that transforms into a sunbed, a minibar, and a folding fiberglass table.

Stylish, practical, and ready to cruise — this Galeon 400 FLY is a perfect blend of innovation and luxury.
