The yacht is on the commission of Princess Yacht Monaco. The Company is not responsible for the accuracy of the information provided by the Yacht owner (images, specification, parameters, engine performance, legal, etc). The operating time of the engines is indicated at the time of preparation of the information and may change during further operation. The need for an inspection remains at the discretion of the Buyer. Exact parameters and characteristics can be specified in the contract of sale. Additional information is available upon request.

We are delighted to offer this exclusive 2025 Princess S80, presented in new condition and available immediately on the French Riviera. This exceptional sportsfly combines the generous space of a flybridge with the sleek profile and performance of a sports yacht, offering a rare opportunity to purchase a brand-new model at a brokerage price – around £700,000 less than an identical new build.

The main deck features a vast sociable cockpit – the largest in her class – perfect for entertaining, relaxing, or dining alfresco. Inside, a seamless saloon-cockpit connection, panoramic windows, and a sociable galley create an inviting, light-filled living space.

Below deck, she offers four beautifully appointed en-suite cabins for up to eight guests, including a full-beam master suite and a forward VIP, plus well-equipped crew quarters for two.

Contact us today for the full specification, photos, and video tour.
